

May 5, 2003

MEMORANDUM

To: Department of Transportation, Parks, Cities, Counties and all Political Sub-Divisions

From: William C. Moell, Administrator

Subject: Open Term Contract 6823 for Aggregate, Riprap, Cinders, Blotter and De-icing Sand, Screenings, Decorative Rock and Crushed Concrete

Attached please find details for Open Term Contract #6823 for the contract period of May 1, 2003 through April 30, 2004. Price increases will not be allowed during the term of this contract. The following details are included on the Notification of Award copy supplied to the vendors.

Purchases will be made by the using agency via issuance of an Asphalt Purchase Requisition (or equal paperwork) to the vendor for each pick-up or delivery at the time it is made. Invoices shall be sent direct to the district engineer (in each district), attached to the corresponding purchase order and shall be paid direct to the vendor by the using agency. **THE REQUISITION OR PURCHASE ORDER NUMBER AND THE DELIVERY TICKET NUMBER MUST BE LISTED ON EACH INVOICE.**

When the Nevada Department of Transportation or using agency trucks pick up product from the plant, it shall be the responsibility of the using agency to evaluate the tabulation considering the price per ton to determine low bidder at the time order is placed. As a result of "tie bids" some locations on this contract were awarded to more than one vendor. Orders will be placed at the discretion of the using agency.

AGENCY INFORMATION

For further information on site location, delivery of materials and submission of invoices, contact the appropriate District Maintenance Superintendent listed below:

- a. Lee McCurdy-Southern NV Area
123 E. Washington Avenue
